Marco Antonio Coronel

Dear Acting Attorney General,

I have heard with great concern the disappearance of at least seven young men. They "disappeared" in late December and early January in Chilpancingo, Guerrero state. On January 19, television reporter Marco Antonio Coronel released footage from surveillance cameras, which, along with other information, suggest that local police are involved in six of the seven cases. Only a few days later he received threats via the online platform Twitter.

I therefore urge you to initiate urgently an investigation into the threats against Marco Antonio Coronel, publish the results and bring those responsible to justice.

Please urgently investigate the whereabouts of the "disappeared" men Abel Aguilar García and Efraín Patrón Ramos, and initiate an investigation into the torture of Alán Alexis and the two adolescents. Please also examine the possible cooperation of local authorities with organized crime.

Yours respectfully,
